Dr. Oscoob's Indian Cholagogue.-For the cure of Fever and Ague, Chill Fever, Dumb Ague, Intermittent and Remittent Fever, Liver Complaint, Jaundice, Enlargement of the Liver and Spleen, and all the various forms of bihous diseases. The following extract is from the "Farmer's and Emigrant's Hand Book," a valua le work of about five hundred pages recently published by Messrs. Appleton & Co. New York. In chapter 8, page 235, the author, speaking of the Fever and Ague, remarks : "There is a valuable medicine sold in most of the Western cities, which we can conscientiously recommend for Feyer and Ague, and other bitious diseases; it is the India Cholagogue, which is prepared by Dr. Osgood of New York, who has made the bilious disorders of the West his especial study. We are no friend to those medicines usually called patent, but we have had ample opportunity of knowing the invaluable effects of the Cholagogue in bilious cases." The speedy and permanent relief afforded by the Cholagogue, arises from its prompt and healthy action upon the blood, cleansing it from bile and restoring it to purity; thus striking at the root. Its tendency is not simply to suspend disease, but to remove the cause on which it depends. It is equally adapted to all ages and

conditions of the system. From S F. Carey, Counsellor at Law, to the Agents in Cincinnati. CINCINNATI, October 11, 1846. Messrs, Sanford & Pack : In June last I was attacked with that most afflicting and unpleasant disease, the Chill and Fever. The paroxysms returned daily, and were very severe. My physical energies had been much impaired, by a previous attack of bi ious fever. Having tried several favorite remedies without relief, a friend in whom I had confidence, recommended Dr. Osgood's India Cholagogue. I procured a bottle, and followed the accompanying directions. The consequence was, that I had but one paroxyism after taking the first dose, and my general health was rapidly restored without using any other medicine. I disposed with the remainder of the bottle to two other persons similarly afflicted, and with the same results. One of them had been shaking for eight months, and was relieved in two days by the use of the Cholagogue. I consider it my duty, as it is my pleasure to recommend it, having the most entire confidence in its sanative powers.

WM. H. BAKER. BEWARE OF COUNTERFEITS .- Those who counterfeit a good medicine for the purpose of adding a few dollars to their pockets are far worse than the manufacturers of sporious coin. For while the latter only rob us of our property, the former take property and health and life away. Dr. Wistar's Balsam of Wild Cherry is admitted by thousands of disinterested witnesses to have effected the most extraordi nary cures in cases of pulmonary and asthmatic character, ever before recorded in the history of medicine. The young, the beautiful, the good all speak forth its praise. It is now the favorite medicine in the most intelligent families of our country. Such a high stand in public estimation has been achieved by its own merits alone. And so long as a discerning public are careful to get Wistar's Balsam of Wild Cherry, and refuse with scorn counterfeits, and every other article warranty. This is less than the New York prices. All other proffered to them as a substitute, so long will cures, positive cures, cheer the fire sole of many a despairing family. BRAGG'S INDIAN QUEEN VEGLTA-BLE SUGAR COATED PILLS,

The Great Popular Medicine Of the day---Vast amount used per month---The numerous and Wonderful Cures it effects---Its Magical Effect upon Bilious Fevers, and Fever and Ague--- Great Excitement among the Doctors!

THE INDIAN QUEEN VEGETABLE SUGAR COATED PILLS are how admitted, on all hands, to be the most extraordinary and valuable medicine in general use. It not only acts as a specific upon Bilious and Typhus Fevers, Chills and Fever, and Fever and Ague of the west and south, but in all diseases of debility, weak stomach, indigestion, loss of appetite, impurity of the blood, and all diseases prevalent in a western and outhern climate. Their great power consists in their peculiar effect upon all the organs of the system, and the rapid formation of new and rich blood, a bich ti ey produce. In this lies the great secret of their success. They are mild and pleasant in their action, but searching and permanent in their effect; penetrating the remotest recesses of the system by their ready absorption into the blood, thereby infusing a new supply of vitality and nervous power into all the machinery of life.

The extensive popularity they have acquired alrover the west and south, ensures sales of at least 50,000 Boxes per Month, And we find it difficult, with our large force of himss, and the late improvements in machinery which we have adopted, to manufacture them fast enough to supply the depland in thirteen western and southern States! One targe manufactory is constantly engaged in preparing the various concentrated extracts of which t ey are composed. From the best information we can obtain from our 8,000 selling agents, and hosts of attentive correspondents in all parts of the country, our medicine cures, per month, not less than 10,000 cases of Fever and Ague, one thousand of which have

resisted all other treatment: 4.500 cases of Bilious Pever 2,500 do of various chronic diseases;

of Rheumatism do or Female complaints; in witness whereof I have hereunto set my hand and affixed the 1,200 of Ague Cake, or Enlarged Spleen;

do of Liver Complaint; do of Scarlet Fever ; 400 do of Typhus Fever; This must appear almost incredible, but the numerous letters the Palmer House, on Monday the 8th day of May next, between | from physicians, agents, and those who use the medicine, from all the Western and southern States, satisfy us that this is a moderate estimate, and that our medicine is rapidly taking the piace of the various sugar-coated counterfeits whe have afloat, and the numerous tonic mixtures, made wholly of quinine, which are imposed upon the public by manufacturers who live, nobody knows where! Dr. Bragg's famous Sugar Coated Indian Queen Vegerable Pilis are of two sinds-the Carbartic and Tonic. The Tonic pills are peculiarly adapted to the quick and permanent cure of Fever and Ague, torpor of the Liver, and general debility. It is in Feverand Ague, Chill Fever, &c., that they achieve their greatest triumphs. It rarely requires over twelve hours; or more than half a box of

> which is rarely the case with the tonic mixtures of quinine, hawk ed about the country by ignorant pretenders. Those who take he tonic pills will never forsake them. Who can wonder, then, that a medicine of such extensive popularity, and extr ordinary virtues should couse Great excitement among the Doctors! The prejudices of physicians against their use are at last experience which they derive from their patients and friends who
